<u>OFFICE POLICY:</u> **Please read and sign at the bottom. Doing so let's us know the patient/guardian has read and understood the office policy terms and conditions, and is authorizing Lifetime Eyecare Associates to provide treatment.**

1. All visits to the office are due and payable in full at time of service.
2. Fees paid for services (ex. examination, contact lens evaluation, etc.) are non-refundable. ****There is a separate charge to be evaluated for contact lenses. By State Law, a patient must be re-evaluated each year in order to continue wearing contact lenses regardless of prescription/brand change.***
3. By authorizing to receive treatment, the patient/guardian is aware that Lifetime Eyecare Associates cannot guarantee payment from their insurance company at this time. If it is determined that the patient is not eligible for services for any reason (i.e. lapse of coverage, exceptions in contract, etc.), I understand that I (the patient) is responsible for payment of all services that were not covered by the insurance company.
4. The OptoMap Retinal Exam may or may not be covered by your Medical Insurance. If insurance denies payment, patient is responsible for the fee for reviewing the images with the doctor.
5. There is a Re-Stocking Fee for all returned frames, lenses, & contacts. Materials must be returned within 30 days from the purchase date. Most frames have a One Year Warranty for defects by the Manufacturer only. Warranty is voided if the frame is discontinued. Only one remake of lenses is allowed within 60 Days from the Date of Purchase. All other remakes will be at full charge to patient.

Attention patients who are interested in and/or receiving a Contact Lens Evaluation

Please read and sign at the bottom. Doing so let's us know the patient/guardian has read and understood the terms and conditions stated below.

If you are using Vision Insurance:

To avoid insurance filing issues when using Vision Benefits for contact lenses, we require payment for the Contact Lens Evaluation/Corneal Assessment at the time of exam. Doing this leaves the patient with full contact lens benefits towards the materials (boxes), instead of deducting the Contact Lens Evaluation Fee from the Contact Lens Allowance, or the option to use Material Benefits towards frames and/or lenses. The insurance company may discount the fee for the contact lens evaluation. Please do not hesitate to ask if you have any questions.

Many patients ask, "Why do I need to have a yearly contact lens evaluation after having an initial evaluation?"

By Texas State Law, prescriptions are valid for one year after the correct prescription has been determined, unless a shorter term is warranted by the health of the patient's eyes or by potential harm to the health of the patient's eyes. Contact lenses can sometimes cause serious problems for the eyes, so the doctor needs to make sure that a patient's current lenses fit properly over time and are not harming the cornea. The doctor may also need to change the contact lens material from time to time, based on the patient's lifestyle and needs.
