

## Financial Disclaimers

### Eligibility for medical insurance and/or routine vision benefits

We will attempt to verify your plan(s) for services and/or materials before your appointment. Verification of eligibility is done as a courtesy only and is not a guarantee of payment. Please check with your administrator if you have any questions regarding your insurance eligibility, Sacramento Optometric Group does not participate in any HMO medical insurance plans at this time.

### Routine vs medical insurance

We are required to report all diagnoses uncovered during your eye examination. If any of the diagnoses are medical in nature the visit may be billed to your medical insurance plan as a primary benefit instead of your routine vision plan.

### Coordination of benefits

If you have multiple medical or vision benefits, we will attempt to coordinate benefits between all plans in order to minimize what you owe. Please note that sometime plans pay less than the anticipated amounts and all fees for services and/or materials are ultimately your responsibility for payment.

We will always attempt to provide you with the most accurate information.

### Financial Responsibility

I understand that I am financially responsible for all charges that are not covered by my insurance. If your insurance company paid you directly for services rendered, you will receive a bill of charges from Sacramento Optometric Group. If authorization is required for my visit but is not able to be obtained, I understand I am still financially responsible if I receive services.

I further understand that I will be responsible for payment when I place an order for eyewear materials. ***With electronic records all materials ordered are submitted once entered. If an order is not cancelled the same day as you placed the custom order for eyewear, there will still be charges incurred.*** I AGREE TO PAY COLLECTION COSTS, IN THE EVENT THAT FURTHER ACTION BECOMES NECESSARY TO ENFORCE THIS CONTRACT.
