

# Learn the Shapes

## Flashcards

### Instructions

1. Cut out the shapes
2. Say the shapes as you touch them.  
"circle, moon, star, heart & triangle"
3. Hold up a shape flashcard, say "What is this?"  
Have the child to say the shape and touch the same shape on their paper
4. Cover an eye & record the furthest distance the child can see the shapes
5. Practice for 5-10 minutes every day

Start as early as 1 years old!

Children love to learn. Present this as a fun game.
